

# Colour Club Printers

Company Profile | 2025-2026

# Introduction

*Every great brand begins with a story we bring it to life through print."*  
– Colour Club Printers

**Colour Club Printers** is a Pakistan-based printing and packaging company specialising in high-quality, customised solutions for the textile and retail sectors. With a passion for detail and a commitment to precision, we offer a full suite of services, from design support and pre-press to final production and export-ready delivery. Our experience spans decades, empowering us to deliver trusted results to exporters, manufacturers, and global retail supply chains.

At Colour Club, we understand that packaging is more than a necessity it's a statement. That's why we work closely with our clients to bring their branding to life through vibrant colours, sharp finishes, and consistent quality. Whether it's insert cards for bedding, woven labels, backer cards, or blister packaging, we ensure every piece reflects the standard your brand represents.

# About Us

## Who We Are

**Colour Club Printers** is a full-service printing and packaging company based in Pakistan, with a strong focus on the textile and retail export industries. With over 35 years of experience, we combine craftsmanship with cutting-edge printing technology to create packaging that protects, communicates, and elevates the product inside.

From insert cards for bedding and backer cards for textiles to tags, labels, and blister packaging, we specialize in high-quality, customizable solutions tailored to our clients' brand identity. Our strength lies in precision color matching, efficient production, and export-grade quality control, enabling us to serve both local manufacturers and international retail buyers with confidence.

## Our Mission

**To deliver world-class, reliable, and visually striking packaging solutions that bring our clients' brands to life one print at a time.**

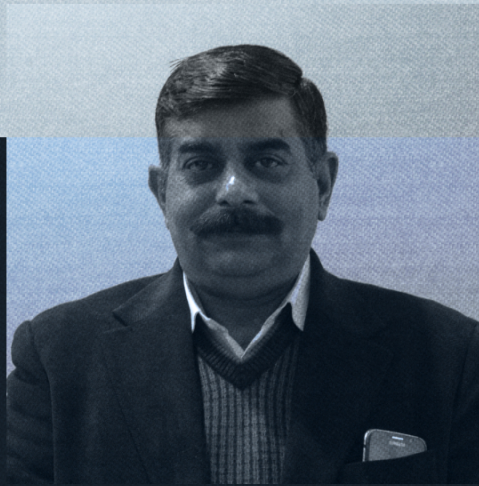

We strive to combine creativity, quality, and consistency while upholding ethical, sustainable, and globally compliant production practices.

## Our Vision

To be recognized as a trusted global partner for packaging in the textile and retail industries, where design, quality, and color excellence define every print we produce.

## Message from CEO

**Muhammad Suhail**

*"At Colour Club Printers, we believe that great packaging does more than wrap a product, it speaks for the brand behind it. Every project we take on is an opportunity to show craftsmanship, care, and creativity. We don't just print, we partner with our clients to bring their vision to life with precision and pride."*

As we grow and expand into international markets, our focus remains the same: to deliver quality without compromise. With a strong foundation built on trust, innovation, and attention to detail, we are proud to serve clients across industries, especially those in the textile sector. I welcome you to explore our work and see how we can help elevate your packaging, your presentation, and your brand.

*Muhammad Suhail*

# History

1996 - 2006

2006 - 2020

2020 - Present

## The Foundation

Colour Club Printers began its journey with a single offset machine and a clear vision: to bring precision, reliability, and value to every print.

Starting with local commercial and textile jobs, we quickly built a strong reputation for craftsmanship, client focus, and dependable service, laying the foundation for the company we are today.

## Global Compliance

As we looked toward international markets, we strengthened our infrastructure by aligning with globally recognized compliance standards.

With ISO 9001, REACH, Sedex, and FSC certifications, we positioned ourselves as a trusted supplier of export-ready packaging, committed to ethical practices, sustainability, and consistent quality.

## Expansion

As demand grew, we expanded our operations by investing in high-end machinery and establishing a state-of-the-art production facility.

This strategic growth allowed us to evolve into a full-service packaging partner. With advanced capabilities in die-cutting, foiling, lamination, and premium finishing, we became a one-stop solution for high-quality textile packaging.

## Overview

*“Colour speaks  
louder than words.  
We make sure  
yours says  
everything.”*

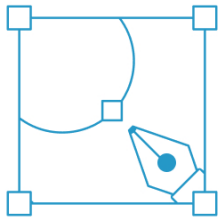

*“Packaging isn’t just protection, it’s perception. We print  
what your brand stands for.”*

# Our Services

## End-to-End Print & Packaging Solutions

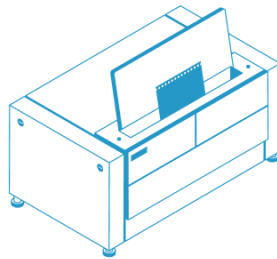

**Colour Club Printers** is a full-service printing and packaging company based in Pakistan, with a strong focus on the textile and retail export industries. With over 35 years of experience, we combine craftsmanship with cutting-edge printing technology to create packaging that protects, communicates, and elevates the product inside.

### Custom Packaging Design

Bringing your brand to life through smart, print-ready design.

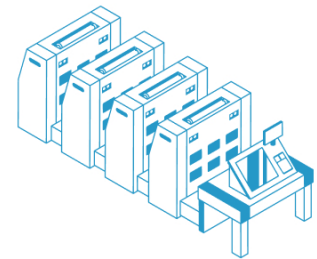

Whether you're starting from scratch or have an existing design, our in-house creative team collaborates with you to create packaging that looks beautiful, prints perfectly, and aligns with international retail standards. We ensure every dieline, Pantone match, and print spec is production-ready, saving you time, money, and rework.

### Pre-Press & Proofing

Print precision starts here.

Once artwork is approved, we convert your files into print-ready plates (CTP) and provide a real offset-printed hard proof not a digital simulation. This ensures you see exactly how your packaging will look before bulk production begins. We match colors to Pantone guides, fabric swatches, or product samples so you get it right the first time.

### High-Quality Offset Printing

Vibrant, consistent, and scalable printing across all substrates.

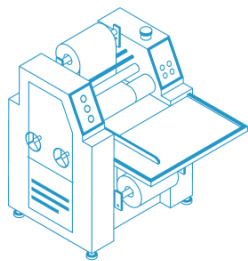

Our press floor is equipped with multi-color offset printing machines capable of handling complex print jobs with precise registration and color accuracy. Whether you need standard 4-color CMYK or custom spot Pantone inks, we ensure every sheet reflects your brand's true tone from first run to last.

# Our Services

## End-to-End Print & Packaging Solutions

From concept to completion, our team delivers with precision whether it's a simple hang tag or a complex retail box. With decades of expertise behind us, we focus on delivering quality that travels well, especially for businesses in textiles, home goods, fashion, and lifestyle.

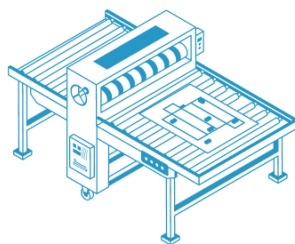

### Surface Finishing & Effects

Transform packaging into a tactile experience.

We offer a wide range of surface finishes to enhance both look and feel:

- Matte & Gloss Lamination
- UV Coating & Varnish
- Foil Stamping (Gold, Silver, Holographic)
- Embossing & Debossing

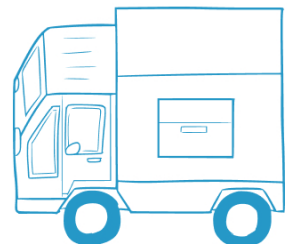

Each finish adds perceived value, shelf impact, and a sense of quality — making your product stand out.

### Cut, Fold & Finish

Precision in every fold, crease, and cut.

Our finishing department ensures structural perfection — from custom die cutting and scoring to manual pasting and gluing. Whether it's tags, boxes, backer cards or header packs, we assemble and QC each unit so it's retail-ready when it reaches you.

### Packaging & Delivery

Ready when you are — packed and shipped worldwide.

Once your packaging is finished, we take care of the final touches: safe packing, labeling, and delivery. We support export documentation, bulk carton packing, and courier handovers — ensuring your products arrive **on time, damage-free, and professionally packed.**

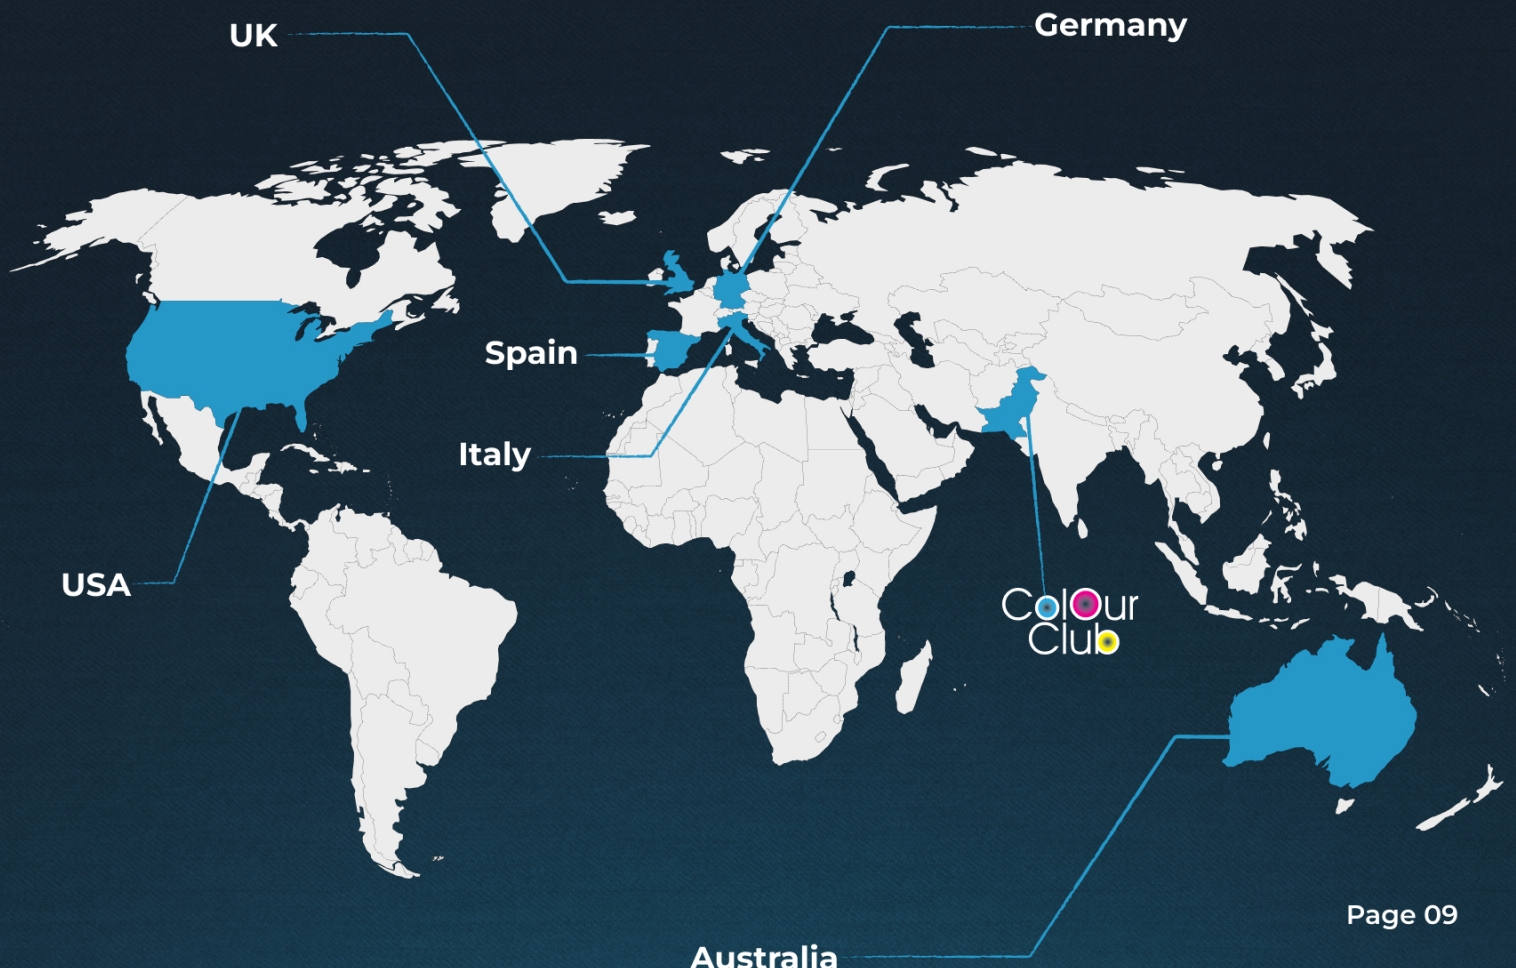

# Global Highlight

## Globally Trusted. Export-Ready.

At Colour Club Printers, our packaging travels farther than just from press to pack it reaches markets across the UK, Europe, the USA, and Australia. We've built strong partnerships with exporters, manufacturers, and buying houses who supply to some of the world's most recognised retail brands. From insert cards for home textiles to retail-ready blister packaging, our work supports global supply chains with consistency, precision, and trust.

Backed by certifications such as ISO 9001, REACH Compliance, Sedex, and FSC, we meet the international quality and ethical standards demanded by modern retailers. Our infrastructure, compliance, and export-ready processes position us as a reliable packaging partner for brands that expect world-class service regardless of geography.

# Certifications & Compliance

**Committed to Global Standards — Certified for Quality and Responsibility**

At **Colour Club Printers**, quality isn't just a process it's a promise. Our certifications reflect our dedication to responsible production, ethical practices, and international-grade packaging solutions. We understand the expectations of global buyers and align our operations to meet and exceed those standards.

Whether you're sourcing for export or retail, our certified systems ensure that every printed product is consistent, compliant, and built with integrity. From material sourcing to final dispatch, we follow best practices that meet global retail protocols and sustainability benchmarks.

## **FSC® Certified**

We offer Forest Stewardship Council® certified paperboard and packaging options, supporting responsible forestry and eco-conscious sourcing.

## **ISO 9001:2015**

Our quality management system is ISO 9001 certified, ensuring every process, from pre-press to delivery meets internationally recognized quality standards.

## **Sedex (SMETA) Audited**

We are a Sedex member and follow SMETA 4-pillar standards, demonstrating our commitment to ethical trade, worker welfare, and transparency in the supply chain.

## Our Clients

Committed to Global Standards — Certified for Quality and Responsibility

Over the years, Colour Club Printers has become a reliable packaging partner for exporters, manufacturers, and buying houses serving some of the most respected retail brands in the world. Our work can be found on shelves across the UK, Europe, USA, and Australia a reflection of our commitment to quality, reliability, and brand alignment.

We take pride in supporting businesses that supply to global names like **ASDA, Tesco, Marks & Spencer, Primark, Silentnight, Dunelm, Next**, and others. Whether directly or through our trusted clients, our packaging plays a vital role in elevating textile and retail products through **precision color matching, structural perfection, and full international compliance.**
